

Boost voting with improved packaging

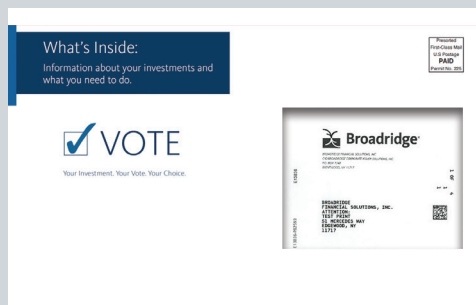

As part of our commitment to continually improve shareholder communications, Broadridge is taking a fresh look at proxy materials, starting with the envelope. We tested a variety of approaches to understand the factors that drive engagement.

- A crisp, compelling message
- A clear call to action
- Simple visual icons
- Appealing colors

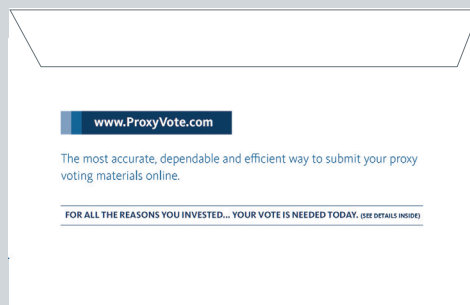

You can see samples of our new envelope design below. As always, you will also have the option to amplify the impact of your communications with custom branding and additional messaging through our enhanced packaging service.

If you have any questions, please contact your local Broadridge representative, or email us at Marketing@Broadridge.com
